breeze 360

Attendance Management

Employee attendance software designed to address complex business needs. Breeze 360 provides managers with automated, comprehensive processing of all employee and attendance events. HR and managers have a clear view of accruals, leave requests, PTO, and more.

Optimized Attendance Management

Online Reporting
Access attendance reporting easily. Our reporting is fully customizable, providing you with the critical information you need to make important decisions.

Real-time Data
Breeze 360's online platform allows you to instantly tap into insights on attendance, trends, requests, and schedules.

Automated Leave Approval
Managers can create rules to accept or decline leave requests, giving you more time to focus on other tasks.

Complex Accruals Simplified
Breeze 360 supports customized rules for complex accruals, streamlining HR management for leave.

Dashboard Views
Designed with visibility in mind, Breeze 360's Dashboard views makes managing attendance efficient.

# A Flexible Tool to Automate Attendance

Mobile App Capability
Instantly view employee attendance, manage projects, and approvals from anywhere.

Custom Attendance Catagories
Breeze 360 gives you the option to create your own attendance catagories, so you can fine tune for attendance events unique to your business.

Conflict Checking
Forget about worrying over conflicts in your scheduling, Breeze 360 automatically checks for conflicts and sufficient accruals.

High Performing Attendance Management Is Just A Click Away
